STOCKS REGISTER

New York, Dec. 13.—Transportation and kindred issues, including shippings and equipments, registered further moderate losses at the opening of today's stock market on further selling attributed to the administration's attitude as to the railroads. Reactions among leaders were confined to substantial fractions. Oils and motors were very irregular, Mexican Petroleum and Studebaker gaining a point each, while Texas Company and Stutz yielded about as much. Changes before the end of the first half-hour indicated further uncertainty on a reduced volume of dealings.

American Telephone and Consolidated Gas were unfavorably affected by the weakness of other utilities and coppers and oils reacted 1623 points on small offerings, but rails, shippings, motors and fertilizers made nominal gains.

Coppers led the sudden setback of the last hour, breaking 1623½ points on reports of a sharp cut in metals. Other issues, including steels and equipments, also reacted. The closing was heavy.
